Our Very Sheffield History!

• We will be 50 next year!
We are more than just learning a language....

Our Goals are to:

Support people to acquire practical English language skills to become more empowered, connected and involved citizens.

To provide supported volunteering to develop skills and self-confidence to take advantage of opportunities for personal development and progression.

To contribute to communities’, group’s and individual’s resilience through capacity building and partnerships to meet local (individual) needs and priorities.
Volunteers – quality training/support/networking/development = retention + outcomes
