In September 2015 our group was formed in response to the refugee crisis in Europe. We wanted to help those less fortunate, and show we cared. Now we are needed even more, with deadly Channel crossings, the rise in hate crimes and the war in Ukraine.

We are a charity, are all volunteers, and organise many activities. **HBTSR** exists to show and promote support for people forced to seek sanctuary because of violence and persecution (asylum seekers and refugees), and we try to show them that they are welcome and safe here.
Our aims

- **We support** people seeking sanctuary
- **We raise money** to help people seeking sanctuary in a variety of ways
- **We lobby** our elected representatives about the need to show humanity towards those less fortunate.

What we do

- We are affiliated to City of Sanctuary and work closely with sanctuary seekers support groups in Swansea, Newport and, when we can, with Ukrainian people living in our area.
- **We collect donations** of household goods, computers, phones, toiletries, sewing machines and bikes to distribute in Swansea and Newport. Since the Ukrainian War we have **helped with essential items** for Ukraine and Ukrainian people living locally.
- During the pandemic we provided **money for phone top-ups** to combat Digital exclusion, helped many people with **small payments for especial hardship** (such as having no food or shoes) and provided **daily Vitamin D supplements** in conjunction with a local pharmacy. In the last year we have **given money to Swansea support groups** for immediate response to urgent needs including overnight accommodation and footwear.
- **We raise funds** to pay for all our activities, to support other like-minded groups, and to maintain a Hardship Fund which helps individuals with urgent needs.
- **We help people seeking sanctuary** to join in the day to day activities of their local communities – providing football tickets, sporting activities, bicycle repair workshop, sewing machines.

- **Now pandemic restrictions are lifted** we are resuming:
  - **monthly Welcome Days** in our peaceful and beautiful area for groups of up to 100 people seeking sanctuary (local and from cities) and many local supporters, providing transport, food, activities, sports and entertainment, but above all friendship and welcome. We have held more than 50 days, which are always popular both with our guests and the local communities who are hosting the event.
  - **work with local schools**, encouraging them to raise awareness about people seeking sanctuary, and becoming recognised as **Schools of Sanctuary**.
  - **the hand of friendship for moral support** to people who are attending immigration tribunals and Home Office interviews.
  - **work with Hay Literary Festival and other events/groups** to raise funds and invite people seeking sanctuary to join in our local volunteering opportunities.
